

[Date]

Dear parents and caregivers,

Option 1: On [date], we're holding a Red Nose Day mufti day. The theme is RED, and students are encouraged to incorporate the colour any way they choose.

Option 2: On [date], we're holding a Red Nose Day bake sale. Please bake some yummy treats at home and bring them to school on [day] morning. The items will be available to purchase for a donation at morning tea.

Option 3: On [date], we're holding a Red Nose Day [name the activity e.g. wheels day]. Please bring [items required].

Option 4: On [date], we're holding a challenge for Red Nose Day. Students will be required to [name the challenge]. The purpose is to have fun while learning a new skill.

Red Nose Day is Cure Kids biggest annual fundraising appeal. The money raised supports world-class child health research to improve, extend and save the lives of children living with serious, life-affecting health conditions.

Some of child health conditions funded include childhood cancers, inherited heart conditions, epilepsy, infectious diseases, cystic fibrosis, sudden unexpected death in infants (SUDI), stillbirth, burns as well as child and adolescent mental health – and many, many other areas.

Sadly, many of these conditions impact the tamariki at our school.

We encourage you to support Red Nose Day by participating in our fundraiser and bringing along a donation of any value. You can also make an online donation at www.rednoseday.co.nz.

Yours sincerely,
